OHC Women's Suffrage Exhibit

Ohio Women Vote: 100 Years of Change

The Harriet Beecher Stowe House became the host of the Ohio History Connection's traveling suffrage exhibit in early March 2020. When the governor's stay at home orders started in mid-March, the exhibit was "quarantined" at the House. Since our visitors were not able to see it here, we wanted to make sure they could see it in their own spaces. Here's a digital version of the exhibit plus 3 short videos we created that tie the exhibit to Harriet Beecher Stowe.

View, think, and discuss.
